KPGQ25

(A)

Look at the picture carefully. What does it show? Are the animals holding a meeting ? What could be the reason ?

Try to imagine what must have happened before and what is likely to happen later.

Form groups. Discuss your ideas. Then each one of you should write his/her story separately.

You may give the animals names, and describe their qualities in short. Use conversation in your story.

Also, find a suitable name for the places where they live/work/are travelling to. Give your story a suitable title.
