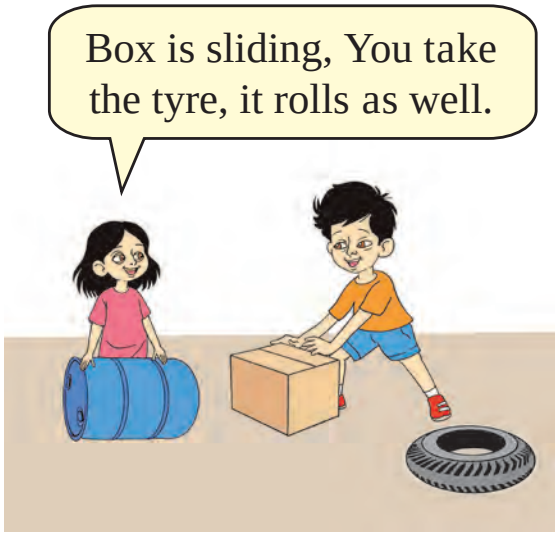
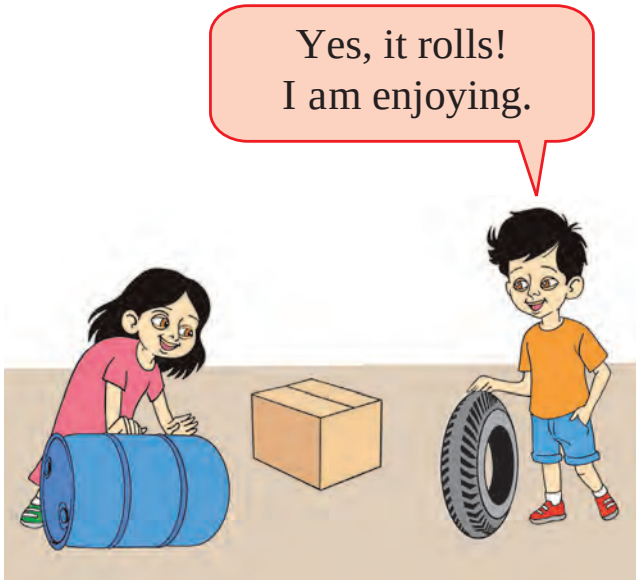
6 Rolling-Sliding





Ask the students to observe the pictures. Read the situations aloud. Discuss the concept of rolling and sliding.

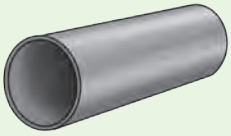
Think it over!

Mark the object with a tick '✓' which will roll down a slide as a ball.

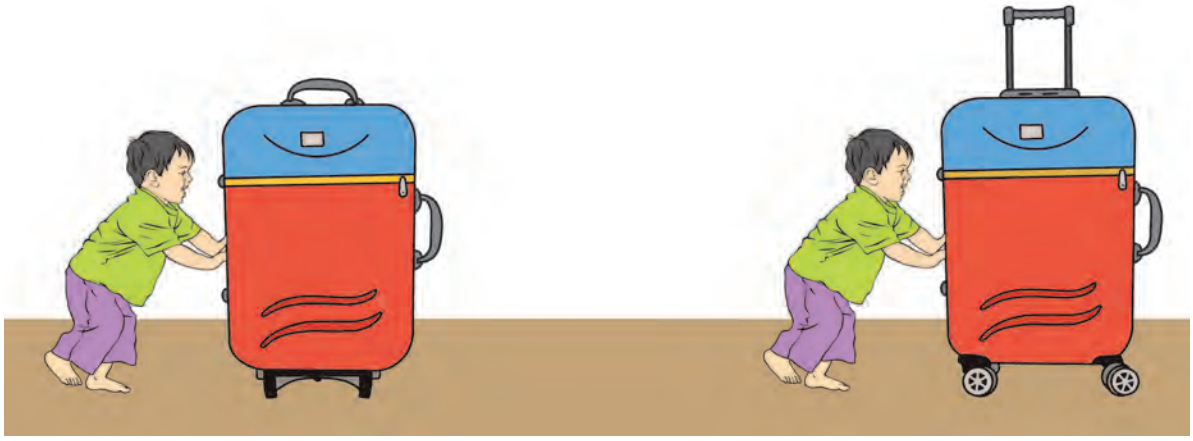
Mark the object with a circle 'O' which will slide down a slide as a book.

* **Tick ✓ under rolling or sliding.**

Object	Rolling	Sliding
	✓	
		



* **Colour the box ☐ below the bag which is more easy to move.**



☐ ☐

Some objects can roll and slide as well.

Use your brain

* **Draw pictures of objects which may roll and slide also.**

Make a slope with a plank. Give some objects to the students and let them identify the ones which roll, slide or both. Discuss the reason why some objects roll while some slide. Also discuss which position of object makes it roll and which position makes it slide.
